

Authorization and Notification Requirements – Effective June 1, 2025

UCare Connect | Minnesota Senior Care Plus (MSC+) | Prepaid Medical Assistance Plan (PMAP) | MinnesotaCare

General information

UCare requires that providers obtain prior authorization or notification for the services addressed below. This list contains prior authorization (PA) and notification requirements for inpatient and outpatient services, as referenced in the [UCare Provider Manual](#). PA does not guarantee payment. To provide PA or notification, complete the appropriate request form with supporting clinical documentation as needed and submit by fax or email to UCare according to the return information noted on each form.

Upcoming changes to PA requirements are published in the monthly *Health Lines* Provider Newsletters, which are part of the [UCare Provider News Library](#). The CPT or HCPCS codes listed are included for informational purposes only and are subject to change without notice. Inclusion or exclusion of a code does not constitute or imply member coverage or provider reimbursement.

Important information

- Allow up to 14 calendar days for a non-urgent authorization decision.
- All services are subject to member eligibility and benefit coverage.
- For services that require authorization, failing to obtain the authorization in advance may result in a denied claim.
- UCare does not review predeterminations for UCare Connect, Minnesota Senior Care Plus (MSC+), PMAP and MinnesotaCare at this time.
- Inclusion or exclusion of a code listed does not constitute or imply member coverage or provider reimbursement.
- Providers may request a copy of the criteria used to make a medical necessity determination on [UCare's Authorization page](#).
- Provider of service qualifications, eligibility and licensure requirements must be met to provide services and submit claims to UCare.
