## News and Information

July 20, 2021

### **Updated Quantity Limits (QL) for Continuous Glucose Monitors on all UCare Formularies**

On September 1, 2021, quantity limits for the products listed below will be updated.

- Freestyle Libre 14 day and Freestyle Libre 2
  - Sensors – 2 sensors per 28 days
  - Reader – 1 reader per 365 days
  
- Dexcom
  - Sensors – 3 sensors per 30 days
  - Transmitter – 1 transmitter per 90 days
  - Receiver – 1 receiver per 365 days

UCare handles exceptions on a case by case basis when additional quantities are required. Example:

- Refill-too-soon overrides available in the event of malfunctioning product or for sensors that become loose/fall off
