Reminder: UCare Medicare Part D Vaccine Information

As a reminder, UCare denies claims for providers administering Part D vaccines in their clinics.

The preferred method is to have Part D vaccination provided at a pharmacy provider. A member would buy a Part D vaccine at a pharmacy and have it administered at the pharmacy. The member would only be responsible for the coinsurance or copayment.

Beginning Jan. 1, 2023, Shingrix and Tetanus vaccines will be covered as a Tier 1 medication for Medicare members when the member is vaccinated at a pharmacy.

Additional information about Part D vaccines is available in the Claims & Payment section of the [Provider Manual](#).
