Provider Enrollment With Minnesota Health Care Programs

The [21st Century Cures Act](#) requires states to enroll all Medicaid providers. **UCare providers who are contracted to provide services to Medicaid members will be expected to enroll with Minnesota Health Care Programs (MHCP) starting July 17, 2023.**

Actively enrolled fee-for-service providers who have an existing contract with UCare will not need to go through the screening and enrollment process again.

To prepare for the opening of the enrollment process, providers are advised to:

 - Once on the page, click the + next to “Enrollment process for managed care organization (MCO) network providers.”
- Register for training on the enrollment process through the [Minnesota Provider Screening and Enrollment \(MPSE\) portal training website](#). This site also includes on-demand MPSE quick instruction videos.
- Review the [Enroll with MHCP](#) section of the MHCP Provider Manual.
