Physical Exam Coverage-Medicare

This policy describes the different types of “physical exams” as defined by Medicare and describes how Medicare covers them:

- Initial Preventive Physical Exam (IPPE) “Welcome to Medicare” Preventive Visit
- Annual Wellness Visit (AWV)

DISCLAIMER

Coverage Policies are developed to assist in identifying coverage for Aspirus benefits under Aspirus’s health plans. They are intended to serve only as a general reference regarding Aspirus’s administration of health benefits and are not intended to address all issues related to coverage for health services provided to Aspirus members.

These services may or may not be covered by all Aspirus products (refer to product section of individual coverage policy for product-specific detail). Providers are encouraged to have their Aspirus patient refer to their Aspirus plan documents (Evidence of Coverage/Member Handbook/Member Contract) for specific coverage information. If there is a conflict between a coverage policy and the Aspirus plan documents, the Aspirus plan documents prevail.

Medicare products may provide different coverage for certain services, which may be addressed in different policies. For Medicare National Coverage Determinations (NCD), Local Coverage Determinations (LCD), and/or Local Coverage Articles, please consult CMS, National Government Services, or CGS websites.

Coverage Policies do not constitute medical advice. Providers are responsible for submission of accurate and compliant claims.
