Nota para los miembros existentes: Este formulario ha cambiado desde el año pasado. Revise este documento para asegurarse de que todavía incluye los medicamentos que toma.

Cuando esta lista de medicamentos (formulario) se refiere a “nosotros”, “nos” o “nuestro”, significa UCare Health, Inc. Cuando se refiere al “plan” o “nuestro plan” significa los UCare Medicare Plans y EssentiaCare.

Este documento incluye una lista de los medicamentos (formulario) para nuestro plan que está vigente al 04/22/2025. Para obtener una lista de medicamentos (formulario) actualizada, comuníquese con nosotros. Nuestra información de contacto, junto con la fecha de la última actualización de la lista de medicamentos (formulario), figura en la portada y en la contraportada de este documento.

Generalmente, debe usar farmacias de la red para su beneficio de medicamentos recetados. Los beneficios, el formulario, la red de farmacias o los copagos/coseguro pueden cambiar el 1 de enero de 2026 y de vez en cuando durante el año.

¿Qué es el Formulario de los UCare Medicare Plans y EssentiaCare?

En este documento, los términos “lista de medicamentos” y “formulario” se utilizan con el mismo significado. Un formulario es una Drug List (Lista de medicamentos) cubiertos seleccionados por los UCare Medicare Plans y EssentiaCare en consulta con un equipo de proveedores de atención médica, que representa las terapias recetadas que se consideran una parte necesaria de un programa de tratamiento de calidad. Los UCare Medicare Plans y EssentiaCare generalmente cubrirán los medicamentos que figuran en nuestro formulario, siempre y cuando el medicamento sea médicamente necesario, la receta se surta en una farmacia de la red de los UCare Medicare Plans y EssentiaCare y se sigan otras reglas del plan. Para obtener más información sobre cómo surtir sus recetas, consulte su *Evidencia de cobertura*.

¿Puede cambiar el Formulario?

La mayoría de los cambios en la cobertura de medicamentos ocurre el 1 de enero, pero los UCare Medicare Plans y EssentiaCare pueden agregar o eliminar medicamentos en el formulario durante el año, moverlos a diferentes niveles de costos compartidos o agregar nuevas restricciones. Debemos seguir las reglas de Medicare al hacer estos cambios. Las actualizaciones del formulario se publican mensualmente en nuestro sitio web: ucare.org/member-documents.

Cambios que pueden afectarle este año: En los siguientes casos, se verá afectado por los cambios de cobertura durante el año:

- **Sustituciones inmediatas de determinadas versiones nuevas de medicamentos de marca y productos biológicos originales.** Podemos retirar inmediatamente un medicamento de nuestro formulario si lo sustituimos por una determinada versión nueva de ese medicamento genérico que aparecerá en el mismo nivel de costo compartido o más bajo y con las mismas o menos restricciones. Cuando agregamos una nueva versión de un medicamento a nuestro formulario, podemos decidir mantener el medicamento de marca o el producto biológico original en nuestro formulario, pero moverlo inmediatamente a un nivel diferente de costos compartidos o agregar nuevas restricciones.

Solo podemos realizar estos cambios inmediatos si agregamos una nueva versión genérica de un medicamento de marca o agregamos ciertas versiones biosimilares nuevas de un producto biológico original que ya estaba en el formulario (por ejemplo, agregamos un biosimilar intercambiable que puede sustituirse por un producto biológico original por una farmacia sin una nueva receta).

Si actualmente está tomando el medicamento de marca o el producto biológico original, es posible que no se lo comuniquemos con antelación antes de que hagamos un cambio inmediato, pero más adelante le proporcionaremos información sobre los cambios específicos que hemos realizado.

Si hacemos tal cambio, usted o su médico pueden pedirnos que hagamos una excepción y continuar cubriendo el medicamento de marca que se va a cambiar. Para obtener más información, consulte la sección titulada “¿Cómo solicito una excepción al Formulario de UCare Medicare Plans y EssentiaCare?”.

Algunos de estos tipos de medicamentos pueden ser nuevos para usted. Para obtener más información, consulte la sección a continuación titulada “¿Qué son los productos biológicos originales y qué relación tienen con los biosimilares?”

- **Medicamentos que se retiran del mercado.** Si el fabricante retira un medicamento de la venta o la Administración de Alimentos y Medicamentos (FDA) determina su retirada por motivos de seguridad o eficacia, podemos retirar inmediatamente el medicamento de nuestro formulario y posteriormente notificaremos a los miembros que toman el medicamento.
- **Otros cambios.** Podemos hacer otros cambios que afecten a los miembros que actualmente toman un medicamento. Por ejemplo, podemos retirar un medicamento de marca del formulario al agregar un equivalente genérico o retirar un producto biológico original al añadir un biosimilar. También podemos aplicar nuevas restricciones al medicamento de marca o al producto biológico original, o trasladarlo a un nivel diferente de participación en los costos compartidos, o ambas cosas. Podemos hacer cambios basados en nuevas guías clínicas. Si eliminamos medicamentos de nuestro formulario, o agregamos autorización previa, límites de cantidad o restricciones de terapia escalonada en un medicamento o movemos un medicamento a un nivel más alto de costos compartidos, debemos notificar a los miembros afectados del cambio al menos 30 días antes de que el cambio entre en vigencia. Sino, en el momento en que el miembro solicite un resurtido del medicamento, puede recibir un suministro del medicamento para 30 días y la notificación del cambio.
 - Si hacemos estos otros cambios, usted o su médico pueden pedirnos que le hagamos una excepción y continuemos cubriendo el medicamento que estuvo tomando. El aviso que le proporcionamos también incluirá información sobre cómo solicitar una excepción, y también puede encontrar información en la sección a continuación titulada “¿Cómo solicito una excepción al Formulario de los UCare Medicare Plans y EssentiaCare?”

Cambios que no le afectarán si actualmente está tomando el medicamento. En general, si está tomando un medicamento en nuestro Formulario 2025 que estaba cubierto a principios de año, no suspenderemos ni reduciremos la cobertura del medicamento durante el año de cobertura 2025, excepto como se describe anteriormente. Esto significa que estos medicamentos permanecerán

disponibles con el mismo costo compartido y sin nuevas restricciones para aquellos miembros que los tomen por el resto del año de cobertura. No recibirá aviso directo este año sobre cambios que no lo afecten. Sin embargo, el 1 de enero del próximo año, tales cambios podrían afectarlo, y es importante verificar el formulario para el nuevo año de beneficios para cualquier cambio en los medicamentos.

El Formulario adjunto se actualizó al 04/22/2025. Para obtener información actualizada sobre los medicamentos cubiertos por los UCare Medicare Plans y EssentiaCare, comuníquese con nosotros. Nuestra información de contacto aparece en la portadas y contraportada. Las actualizaciones al Formulario de los UCare Medicare Plans y EssentiaCare están disponibles en nuestro sitio web, ucare.org/member-documents. Si lo solicita, UCare le enviará por correo una edición impresa actualizada.

¿Cómo uso el Formulario?

Hay dos formas de encontrar un medicamento en el Formulario:

Afección médica

El Formulario comienza en la página 12. Los medicamentos en este formulario se agrupan en categorías dependiendo del tipo de afecciones médicas que tratan. Por ejemplo, los medicamentos utilizados para tratar una afección cardíaca se enumeran en la categoría “Agentes cardiovasculares”. Si sabe para qué se usa su medicamento, busque el nombre de la categoría en la lista que comienza en la página 12. Luego busque debajo del nombre de la categoría para su medicamento.

Lista alfabética

Si no está seguro de en qué categoría buscar, debe buscar su medicamento en el Índice que comienza en la página 113. El Índice proporciona una lista alfabética de todos los medicamentos incluidos en este documento. Tanto los medicamentos de marca como los genéricos se enumeran en el Índice. Busque en el Índice y encuentre su medicamento. Junto a su medicamento, verá el número de página donde puede encontrar información de cobertura. Vaya a la página que aparece en el Índice y busque el nombre de su medicamento en la primera columna de la lista.

¿Qué son los medicamentos genéricos?

Los UCare Medicare Plans y EssentiaCare cubren tanto medicamentos de marca como medicamentos genéricos. Un medicamento genérico está aprobado por la FDA porque contiene el mismo principio activo que el medicamento de marca. Por lo general, los medicamentos genéricos funcionan igual de bien y suelen costar menos que los medicamentos de marca. Muchos medicamentos de marca tienen sustitutos genéricos. Los medicamentos genéricos suelen poder sustituirse por el medicamento de marca en la farmacia sin necesidad de una nueva receta, dependiendo de las leyes estatales.

¿Qué son los productos biológicos originales y qué relación tienen con los biosimilares?

En el formulario, cuando nos referimos a medicamentos, puede tratarse de un fármaco o de un producto biológico. Los productos biológicos son medicamentos más complejos que los medicamentos típicos. Como los productos biológicos son más complejos que los medicamentos típicos, en lugar de tener una forma genérica, tienen alternativas que se denominan biosimilares. Por lo general, los biosimilares funcionan igual de bien que el producto biológico original y pueden

costar menos. Existen alternativas biosimilares para algunos productos biológicos originales. Algunos biosimilares son biosimilares intercambiables y, dependiendo de las leyes estatales, pueden ser sustituidos por el producto biológico original en la farmacia sin necesidad de una nueva receta, al igual que los medicamentos genéricos pueden ser sustituidos por medicamentos de marca.

Para obtener más información sobre los tipos de medicamentos, consulte la Evidencia de cobertura, Capítulo 5, Sección 3.1, “La 'Lista de medicamentos' indica qué medicamentos de la Parte D están cubiertos”.

¿Hay restricciones para mi cobertura?

Algunos medicamentos cubiertos pueden tener requisitos adicionales o límites de cobertura. Estos requisitos y límites pueden incluir:

- **Autorización previa:** Los UCare Medicare Plans y EssentiaCare exigen que usted o su profesional que emite la receta obtengan autorización previa para ciertos medicamentos. Esto significa que deberá obtener la aprobación de los UCare Medicare Plans y EssentiaCare antes de surtir sus recetas. Si no obtiene la aprobación, es posible que los UCare Medicare Plans y EssentiaCare no cubran el medicamento.
- **Límites de cantidad:** Para ciertos medicamentos, los UCare Medicare Plans y EssentiaCare limitan la cantidad del medicamento que cubrirán. Por ejemplo, los UCare Medicare Plans y EssentiaCare proporcionan 30 comprimidos por receta para JANUVIA. Esto puede ser adicional a un suministro estándar de un mes o tres meses.
- **Terapia escalonada:** En algunos casos, los UCare Medicare Plans y EssentiaCare exigen que primero pruebe ciertos medicamentos para tratar su afección médica antes de que cubramos otro medicamento para esa afección. Por ejemplo, si el Medicamento A y el Medicamento B tratan su afección médica, es posible que los UCare Medicare Plans y EssentiaCare no cubran el Medicamento B a menos que pruebe primero el Medicamento A. Si el Medicamento A no funciona para usted, los UCare Medicare Plans y EssentiaCare cubrirán el Medicamento B.

Puede averiguar si su medicamento tiene algún requisito o límite adicional consultando el formulario que comienza en la página 12. También puede obtener más información sobre las restricciones aplicadas a medicamentos cubiertos específicos visitando nuestro sitio web. Hemos publicado en línea un documento que explica nuestras restricciones de autorización previa y de terapia escalonada. También puede solicitarnos que le enviemos una copia. Nuestra información de contacto, junto con la fecha de la última actualización del formulario, figura en la portada y en la contraportada de este documento.

Puede pedir a los UCare Medicare Plans y EssentiaCare que hagan una excepción a estas restricciones o límites o una lista de otros medicamentos similares que pueden tratar su afección médica. Consulte la sección “¿Cómo solicito una excepción al Formulario de los UCare Medicare Plans y EssentiaCare?” en la página 10 para obtener información sobre cómo solicitar una excepción.

¿Qué son los medicamentos de venta libre (OTC)?

Los medicamentos OTC son medicamentos no recetados que normalmente no están cubiertos por un plan de medicamentos recetados de Medicare. UCare Medicare Plans y EssentiaCare pagan

determinados medicamentos OTC. UCare Medicare Plans y EssentiaCare le proporcionarán estos medicamentos OTC sin costo alguno. El costo para UCare Medicare Plans y EssentiaCare de estos medicamentos de venta libre no se tendrá en cuenta en sus costos totales de medicamentos de la Parte D.

¿Qué pasa si mi medicamento no está en el Formulario?

Si su medicamento no está incluido en este Formulario (Lista de medicamentos cubiertos), primero debe comunicarse con Servicio al Cliente y preguntar si su medicamento está cubierto. Si se entera de que los UCare Medicare Plans y EssentiaCare no cubren sus medicamentos, tiene dos opciones:

- Puede solicitar al Servicio de Atención al Cliente una lista de medicamentos similares que están cubiertos por los UCare Medicare Plans y EssentiaCare. Cuando reciba la lista, muéstrasela a su médico y pídale que le recete un medicamento similar que esté cubierto por los UCare Medicare Plans y EssentiaCare.
- Puede pedirle a los UCare Medicare Plans y EssentiaCare que hagan una excepción y cubran su medicamento. Consulte a continuación para obtener información sobre cómo solicitar una excepción.

¿Cómo solicito una excepción al Formulario de los Planes Medicare y EssentiaCare de UCare?

Puede pedirle a los UCare Medicare Plans y EssentiaCare que hagan una excepción a las reglas de cobertura. Hay varios tipos de excepciones que puede pedirnos que hagamos.

- Puede pedirnos que cubramos un medicamento incluso si no está en nuestro Formulario. Si se aprueba, este medicamento estará cubierto a un nivel predeterminado de costo compartido, y usted no podrá solicitarnos que le proporcionemos el medicamento a un nivel de costo compartido más bajo.
- Puede solicitarnos que renunciemos a las restricciones o límites de cobertura de su medicamento. Por ejemplo, para determinados medicamentos, los UCare Medicare Plans y EssentiaCare limitan la cantidad del medicamento que cubriremos. Si su medicamento tiene un límite de cantidad, puede pedirnos que renunciemos al límite y cubramos una cantidad mayor.
- Puede solicitarnos que cubramos un medicamento del Formulario a un nivel de costo compartido más bajo, a menos que el medicamento esté en el nivel de especialidad (Nivel 5). Si se aprueba, esto reduciría la cantidad que debe pagar por su medicamento.

Por lo general, los UCare Medicare Plans y EssentiaCare solo aprobarán su solicitud de una excepción si los medicamentos alternativos están incluidos en el formulario del plan, el medicamento de costo compartido más bajo o con restricciones aplicables no le sería tan eficaz para tratar su afección o causaría que tenga efectos adversos.

Usted o su profesional que emite la receta deben comunicarse con nosotros para solicitarnos una excepción de nivel o de formulario, incluida una excepción a una restricción de cobertura.

Cuando solicite una excepción, el profesional que emite la receta del medicamento deberá explicarle los motivos médicos por los que necesita la excepción. En general, debemos tomar nuestra decisión dentro de las 72 horas posteriores a la recepción de la declaración de respaldo

de su médico. Puede solicitar una decisión acelerada (rápida), si usted cree, y nosotros estamos de acuerdo, que su salud podría verse seriamente perjudicada si espera hasta 72 horas para tomar una decisión. Si nosotros estamos de acuerdo, o si su profesional que emite la receta solicita una decisión acelerada, debemos darle una decisión a más tardar 24 horas después de que recibamos una declaración de respaldo de su profesional que emite la receta.

¿Qué debo hacer si mi medicamento no está en el formulario o tiene una restricción?

Como miembro nuevo o continuo en nuestro plan, es posible que esté tomando medicamentos que no están en nuestro formulario. O bien, puede estar tomando un medicamento que está en nuestro formulario, pero tiene una restricción de cobertura, como una autorización previa. Debe hablar con su médico sobre la posibilidad de solicitar una decisión de cobertura para demostrar que cumple con los criterios de aprobación, cambiar a un medicamento alternativo que cubramos o solicitar una excepción al formulario para que cubramos el medicamento que toma. Mientras usted y su médico determinan el curso de acción correcto para usted, podemos cubrir su medicamento en ciertos casos durante los primeros 90 días que sea miembro de nuestro plan.

Para cada uno de sus medicamentos que no está en nuestro formulario o que tiene restricciones de cobertura, cubriremos un suministro temporal de 30 días. Si su receta se escribe por menos días, permitiremos resurtidos para proporcionar hasta un máximo de 30 días de suministro del medicamento. Si la cobertura no se aprueba, después de su primer suministro de 30 días, no pagaremos por estos medicamentos, incluso si ha sido miembro del plan menos de 90 días.

Si usted es residente de un centro de atención a largo plazo y necesita un medicamento que no está en nuestro formulario o si su capacidad para obtener sus medicamentos es limitada, pero ha pasado los primeros 90 días de membresía en nuestro plan, cubriremos un suministro de emergencia de 31 días de ese medicamento mientras busca una excepción al formulario.

Transición de la atención

Si usted es un miembro actual de los UCare Medicare Plans o de EssentiaCare que está haciendo la transición a un nivel diferente de atención, es posible que le receten medicamentos que no están en nuestro formulario. Mientras habla con su médico para determinar su curso de acción, es elegible para recibir un suministro de transición de 31 días del medicamento, ya que está haciendo la transición a un nivel de atención diferente. Si usted es un miembro actual de los Planes Medicare o EssentiaCare de UCare, admitido o dado de alta de un centro de atención a largo plazo, se le permitirá anular el “resurtido demasiado pronto” al que tiene acceso para obtener un suministro adecuado de sus medicamentos.
