UCare Individual & Family Plans Formulary (List of Covered Drugs)

- UCare Individual & Family Plans
- UCare Individual & Family Plans with M Health Fairview

This formulary may change throughout the year. Please visit ucare.org or call UCare Customer Service for the most current information.

PLEASE READ: This document contains information about the drugs we cover in these plans.

UCare Customer Service

UCare Individual & Family Plans Customer Service at 612-676-6600 or 1-877-903-0070 (this call is free)

UCare Individual & Family Plans with M Health Fairview Customer Service at 612-676-6609 or 1-877-903-0069 (this call is free)

TTY: 1-800-688-2534 (this call is free)

8 am – 6 pm, Monday – Friday

Notice of Nondiscrimination

UCare complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability or sex. UCare does not exclude people or treat them differently because of race, color, national origin, age, disability or sex.

We provide aids and services at no charge to people with disabilities to communicate effectively with us, such as TTY line, or written information in other formats, such as large print.

If you need these services, contact us at **612-676-3200 (voice)** or toll free at **1-800-203-7225 (voice)**, **612-676-6810 (TTY)**, or **1-800-688-2534 (TTY)**.

We provide language services at no charge to people whose primary language is not English, such as qualified interpreters or information written in other languages.

If you need these services, contact us at the **number on the back of your membership card** or **612-676-3200** or toll free at **1-800-203-7225 (voice)**; **612-676-6810** or toll free at **1-800-688-2534 (TTY)**.

If you believe that UCare has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability or sex, you can file an oral or written grievance.

Oral grievance

If you are a current UCare member, please call the number on the back of your membership card. Otherwise please call **612-676-3200** or toll free at **1-800-203-7225 (voice)**; **612-676-6810** or toll free at **1-800-688-2534 (TTY)**. You can also use these numbers if you need assistance filing a grievance.

What is the UCare formulary?

The UCare formulary is a list of generic and brand drugs that are covered by this plan(s). To be covered, the drug must be on our formulary. The most current list of covered drugs can be found on the UCare Individual & Family Plans formulary at [ucare.org](https://www.ucare.org).

To be covered, you must fill your prescription at a network pharmacy. The Provider Directory and Search Network tool at [ucare.org](https://www.ucare.org) includes in-network pharmacies. You can also visit [ucare.org](https://www.ucare.org) for the most current information.

Over-the-counter (OTC) drugs must be prescribed and on our formulary to be covered. This applies to drugs covered as part of the Essential Health Benefits, such as emergency contraception, tobacco cessation and diabetic supplies. OTC drugs which are not part of the Essential Health Benefits are usually not covered.

Can the formulary change?

Generally, if you are taking a drug on our formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the coverage year except when a new, less expensive generic drug becomes available or when new adverse information about the safety or effectiveness of a drug is released by the FDA.

How do I use the formulary?

In the formulary, brand name drugs are capitalized (e.g. DILANTIN) and generic drugs are listed in lowercase italics (e.g. *fenofibrate*). UCare covers both brand name drugs and generic drugs. A generic drug is approved by the U.S. Food and Drug Administration (FDA) as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs, but work just as well and are equally as safe as the brand drug.

How to find prescription drugs in the formulary?

There are two ways to find your prescription drugs in the formulary. You can search by drug category or by alphabetical listing.

Search by Drug Category

The formulary begins on page 8. The drugs in this formulary are grouped into categories depending on the medical conditions they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular Agents.” If you know what your drug is used for, look for the category name in the list that begins on page 8. Then look under the category name for your drug.

Search by Alphabetical Listing

If you are not sure what class to look under, you can look for your drug in the Index. The Index provides an alphabetical list of all of the drugs included in the formulary. Both brand name and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information within the formulary.

Tiers and limitations for prescription drugs

The numbers in the Tier column on the formulary indicates the cost share for the medication.

\$0 Tier	Preventive drugs that may be eligible for a zero-dollar copay. Select drugs require a prior authorization in order to qualify for the zero-dollar copay.
Tier 1	Preferred Generic Drugs
Tier 2	Non-Preferred Generic Drugs
Tier 3	Preferred Brand Drugs
Tier 4	Non-Preferred Drugs
Tier 5	Specialty Drugs
DME	Products covered under the DME (Durable Medical Equipment) benefit

The abbreviations/symbols in the Limitations (Notes) column on the formulary tell you if UCare has any special requirements or limits on coverage for that drug. Use the key below to help understand the meaning of each abbreviation/symbol.

PA	Prior Authorization	Drugs that require approval from UCare before we'll cover it
ST	Step Therapy	Drugs that require you to try another drug before we'll cover it
QL	Quantity Limit	There are limits to the amount of drug covered per fill

SP	Specialty Drug	Specialty drugs that require you to fill your prescription through Fairview Specialty Pharmacy. Specialty drugs are injectable or oral drugs that often require special handling or monitoring by a pharmacist or nurse. If you use a specialty drug, your doctor will need to send the prescription to Fairview Specialty Pharmacy. You can then order it for delivery by contacting Fairview Specialty Pharmacy at 1-800-595-7140. Your drug and any needed supplies will be shipped to your home, work or doctor's office. A Fairview pharmacist is on call 24 hours a day to provide clinical support related to your specialty drug.
SF	Oncology Drug	Certain oral oncology drugs are limited to a 14 or 15-day supply per fill for the first 90-days of therapy (depending on package size).
INS	Insulin	Insulins with a \$25 copay per one-month supply (applies to copay and HSA plans)
DD	Diabetes Drug	Diabetes drugs with a \$25 copay per one-month supply (applies to copay plans only and not HSA plans)
MFG	Manufacturer Limitations	<ul style="list-style-type: none"> • Coverage for epinephrine auto-injectors are limited to Mylan and Teva manufacturers • Coverage for albuterol HFA's are limited to Ventolin and generic Albuterol
LA	Limited Access	Drugs that are only available at certain pharmacies. If you have questions, call Customer Service at the number on the back of your member ID card
EDS	Extended Day Supply	Drugs that are able to be filled for up to a 90-day supply
PV	Preventive	Drugs covered at \$0 for preventive use

What if my drug is not on the formulary?

If your drug is not included in this formulary, you should first contact UCare Customer Service and confirm that your drug is not covered. If you learn that UCare does not cover your drug, you can:

- Ask your doctor to prescribe a similar drug that is covered by UCare.
- Ask UCare to make an exception to cover your drug.

Requesting a formulary or drug restriction exception

You or your doctor can ask UCare to make an exception and cover a non-formulary drug, drug restrictions, or limits. For help requesting an exception, call Customer Service at the number on the front cover. Or log in to your UCare member account and complete the Exception Request form.

Your doctor must submit a statement supporting the request. If your request is approved, the drug will be covered at the copay or coinsurance amount, based on the drug's level or tier in the plan formulary. Exception requests for lower cost sharing amounts for drugs on a higher tier will not be granted.

For more information

For more detailed information about your UCare prescription drug coverage, please review your *Member Contract* and other plan materials.

If you have questions, please call the UCare Customer Service number on the front cover or visit [ucare.org](https://www.ucare.org).

This information is available in other forms to people with disabilities by calling: UCare Individual & Family Plans Customer Service at 612-676-6600 or 1-877-903-0070 (this call is free), UCare Individual & Family Plans with M Health Fairview Customer Service at 612-676-6609 or 1-877-903-0069 (this call is free). TTY call 612-676-6810 or 1-800-688-2534 (this call is free).
