Benefit information

When you're not sure what your benefits are

If you need information about your health plan benefits, your care coordinator can tell you about benefits and support available to improve your health. They help you:

- Find health and wellness resources (such as fitness benefits, Healthy Benefits+ Visa® allowances, community education programs and more)
- Access disease management support and health coaching
- Understand your prescription drug coverage, in-network provider options, covered preventive services and more
- Get transportation to and from medical appointments

Need care

When you need help finding care and supplies

Your care coordinator helps you find specialty care and can set you up with a primary care doctor. They also help you:

- Make preventive care appointments
- Locate dental providers
- Identify mental health and substance use care
- Coordinate medical equipment and supplies

In-home services

When you need services set up in your home

Changes in your health and level of care required can happen any time. Your care coordinator can help you access:

- Home health care and skilled nursing services
- Physical and occupational therapy
- Community First Services and Supports (CFSS)
- Homemaking and chore services
- Referrals for housing, food and community resources
- Mental health support

Hospitalization

When you're hospitalized

You can get extra support from UCare after a hospital stay. Your care coordinator can:

- Find services and supports needed to go back to, or stay in, your home
- Provide referrals to set up home-based services
- Help you coordinate a move to a new living situation
- Talk with you about ways to stay out of the hospital
