UCare seeks health care providers to serve on committees

Pharmacy and Therapeutics (P&T) Committee opportunities

UCare seeks health care providers to serve on the P&T Committee. The committee manages formularies across all lines of business, reviews new-to-market drugs, authorization criteria and ensures a safe and clinically effective pharmacy benefit for members.

Eligibility

Committee member applicants must:

- Be a licensed physician or pharmacist in good standing
- Have clinical experience in primary care, ambulatory pharmacy practice, internal medicine or specialty care
- Be able to attend five P&T virtual meetings per year

Responsibilities

Committee member applicants must:

- Review clinical evidence and recommendations provided by UCare staff
- Provide recommendations on drug therapy coverage and placement on formularies
- Support UCare's compliance with pharmacy regulatory requirements

Participation benefits

- Stay current with new-to-market drugs, clinical guideline changes and clinical best practices
- Collaborate with other health care professionals across disciplines
- Receive a stipend to cover time spent in meetings and reviewing P&T material

To express interest or for additional information, contact the Vice President of Pharmacy, Pat Mitsch, at pmitsch@ucare.org.

Additional UCare committee opportunities

UCare values input from network clinicians. For providers who are interested in getting involved, there are two additional committees whose membership relies heavily on external clinicians: the Credentialing Committee and the Quality Improvement Advisory and Credentialing Committee (QIACC).

Eligibility

Committee member applicants must:

- Be physicians and other clinicians in the UCare network.
- Meet attendance criteria:
 - Credentialing Committee - applicants must attend most monthly virtual meetings throughout the year (mornings for approximately one hour on the second Tuesday of the month).
 - QIACC - the ability to attend four 90-minute morning virtual meetings per year.

Participation benefits

- Support UCare's role in ensuring high-quality and safe care for members.
- Collaborate with other health care professionals across disciplines.
- Receive a stipend to cover time spent in meetings and reviewing material prior to meetings.

To express interest or for additional information, contact the Senior Medical Director, Scott Kammer, MD, at skammer@ucare.org.
