Minnesota Department of Human Services (DHS) preferred drug list update

On Oct. 15, 2025, DHS will update the preferred drug list (PDL). These changes apply to UCare Medical Assistance (non-dual eligible) plans. Notable formulary changes are listed below:

- Trulicity, Eucrisa, fesoterodine ER, Myrbetriq (brand name) and albuterol HFA (generic Proair and Proventil) are being added as preferred drugs.
- Bydureon Bcise is being removed from the PDL.
- Mirabegron (generic Myrbetriq) is now a non-preferred drug and brand name Myrbetriq is now preferred.
- Neffy spray is now a non-preferred drug.
- Umeclidinium/vilanterol (generic Anoro Ellipta) is now a non-preferred drug and brand name Anoro Ellipta is preferred.

See the [UCare Medical Assistance \(Medicaid\) drug list search and formulary](#) for more information.
