### Corrected provider 2025 1099 tax forms

UCare has identified errors in some provider information on the 2025 1099 tax forms that were mailed Jan. 31, 2026. Providers are advised to review the information carefully to determine if their 1099 form has errors.

Impacted 1099 forms that require corrections will be available on or after Feb. 13, 2026. UCare will not be mailing the corrected 1099s, but providers may request that the form be emailed to them by contacting the Provider Assistance Center at [pac@ucare.org](mailto:pac@ucare.org) or by calling 612-676-3300 or 1-888-531-1493, 8 am - 5 pm, Monday - Friday. If UCare cannot email the provider the corrected 1099, the request will be completed via mail to the Tax ID entity address on file.

UCare is unable to send 1099 forms to a third party.

Providers should contact the Provider Assistance Center with questions.
