

Keep Your Coverage program

UCare's Keep Your Coverage program is dedicated to helping members maintain Medicaid (Medical Assistance) eligibility and health plan enrollment.

Collaborating to prevent lapses in care

UCare Connect (SNBC), UCare Connect + Medicare (SNBC) (HMO D-SNP), UCare's Minnesota Senior Health Options (MSHO) (HMO D-SNP) and Minnesota Senior Care Plus (MSG+) members are at higher risk for disenrollment and disruptive lapses in care. But, by working with UCare, you can help to ensure this doesn't happen.

How does it work?

Each month, our UCare Keep Your Coverage team will work with you to identify UCare members in your county who are at risk of losing coverage. We will then:

- Contact members to remind them to complete Medicaid renewal forms and Account Validation Services (AVS) release forms
- Connect individuals with questions to appropriate county resources
- Direct members to health program resources
- Educate members about benefits and provider network

Let UCare's Keep Your Coverage program do the work

- Fewer calls to your team
- Fewer lapses in care
